About Cards for Hospitalized Kids

Cards for Hospitalized Kids (CFHK) is an internationally recognized charitable organization based in Chicago that distributes uplifting, handmade cards to Children’s Hospitals and Ronald McDonald Houses (RMH) across the country to spread strength and smiles to hospitalized kids. Founded in 2011 by Jen Rubino, whose own experiences as a “hospitalized kid” who underwent 20+ surgeries, inspired her to found CFHK to help others. She was only 16 years old when she first started CFHK and worked to build CFHK from the ground up into the national charity it is today. Each card is handmade and unique — no two are alike, just like each of the kids who will receive one. Over 500,000 cards have been distributed by CFHK since its inception and this is just the beginning! To learn more about CFHK, visit www.CardsForHospitalizedKids.com.
